

Conditions for Business Mobile Services

THE SERVICES AND USE OF THE SERVICES

1 Provision of the Services

1.1 We are providing you with mobile Services using approved phones, SIMs and network resources provided by our Network Provider using their Mobile Network Operator (MNO).

1.2 These Conditions only cover the terms on which you may use the Services, Equipment and Software.

1.3 Services will be provided within our network provider, or its MNO's network area in the UK and by roaming on to other networks but it's always possible under such circumstances that the quality or coverage may be affected at times.

1.4 You agree that we, our network provider, our MNO and our hardware supplier can process your organisation's information and End Users personal data, which we collect or which you submit to us during any sales or registration process, for a number of purposes, including to open and manage an account for Services, to deliver products and services ordered by you, for security and emergency service support, for credit checking and fraud prevention, and for product analysis and direct marketing (subject to your preferences) as set out in our 'Privacy Notice'.

1.5 This Agreement and your obligations under this Agreement will commence on the date you sign the order form. Our obligations under this agreement will commence on the Connection date.

2 Phone number and SIM

2.1 SIM Cards shall remain the property of Daly Telecom Limited at all times and you shall be entitled to use the SIM Cards (including any Software they contain) provided for use with the Services only.

2.2 You warrant that SIM Cards are only used with your authorisation and you will inform us as soon as is reasonably practicable after you become aware that a SIM Card is lost, stolen or damaged. Subject to Clause 7.1 you shall be liable for any loss or damage suffered by you as a result of unauthorised use of SIM Cards (including due to loss or theft), up to the time that you have notified us that such SIM Card is being used without your authorisation. For the avoidance of doubt, in the event of a lost or stolen SIM card your liability will cease once you have advised us verbally (we may also ask you to confirm this in writing). Following such notification the SIM card will be barred for all usage but we are unable to bar the equipment itself. You will be liable for all costs until such time you verbally request the bar to be placed.

2.3 We shall allocate telephone numbers to you which you shall only use to access the Services. We may reallocate or change such telephone numbers as a result of changes in applicable law or instructions from the Regulatory Authorities, but will exercise all reasonable endeavours to minimise any disruption to you. We may withdraw telephone numbers that have been allocated to you as a result of your failure to comply with this Agreement.

2.4 If you decide to Port a mobile telephone number

allocated to you by Daly Telecom Limited, we shall, subject to Clause 18, transfer your mobile telephone numbers to your nominated mobile network operator for your use in accordance with OFCOM regulations.

2.5 Each SIM may only be used in handsets which are enabled for Services and are authorised by us for Connection to our network. Any attempt to use the SIM in other handsets may result in serious damage to the handset and may prevent you from being able to use it, including the making of emergency Calls. In these instances, we, our network provider, or its MNO, are not responsible for any such damage or usage problems.

3 Services and Coverage

3.1 Once you are Connected and Activated, we shall use reasonable endeavours to provide you with the Services and to ensure the security of your communications at all times. However, due to the nature of mobile technology, it is impossible to provide a fault-free service.

3.2 We shall use reasonable endeavours to give you access to Overseas Networks; however, we shall not be responsible for the performance of Overseas Networks or any part of the network not controlled by us. Overseas Networks may be limited in quality and coverage and access and service availability depends on the arrangements between the MNO and overseas operators. We will notify you of any terms of access (if any) that you need to comply with to use the Overseas Network.

3.3 You will also be able to upload and send your own content using the Services. You grant us, our network provider, or its MNO, a royalty free, perpetual and worldwide licence to store, transmit or otherwise deal with any content you upload on the Services.

3.4 We may:

(a) change or withdraw some, or part, of the Services from time to time. This may be because of changing technologies, obsolescence, new or different product features, changing content providers or the need to remove, replace or modify content; and

(b) also determine how Services are presented and delivered to the handset or are otherwise made available to you. We can change the way they are presented, delivered or otherwise made available to you at any time.

4 Limitation of Services

4.1 We will always try to make Services available to you. However, Services are only available within our coverage area (which comprises a video service area and a voice & picture area within the UK). Within this, there may be areas where you do not have access to all Services or where coverage is otherwise limited or unavailable. For more information about coverage, please contact us.

5 Disruption to Services

5.1 There may be situations when Services are not continuously available or the quality is affected and so we cannot guarantee continuous fault-free service. For instance

(a) when we, our network provider, or its MNO need to perform upgrading, maintenance or other work on the network or Services;

(b) when you move outside our video service area whilst you are on a Call (in this case Calls may not be maintained);

(c) when you are in areas not covered by our network. In these cases Services rely on other operators' networks where we have no control;

(d) during any technical failure of the network;

(e) when it is necessary to safeguard the security and integrity of the network or to reduce the incidence of fraud;

(f) where Artificially Inflated Traffic has been identified;

Conditions for Business Mobile Services

- (g) due to Emergency Planning Measures; or
- (h) because of other factors outside our control, such as the features or functionality of your handset, regulatory requirements, lack of capacity, interruptions to services from other suppliers, faults in other communication networks, the weather or radio interference caused by hills, tunnels or other physical obstructions.

We shall endeavour to keep all such disruptions to a minimum and shall give you notice of such disruptions where reasonably practicable.

6 Suspension of Services

6.1 We may Suspend any or all of the Services you use immediately and without notice, compensation or liability to you if:

- (a) we reasonably believe you have provided us with false or misleading details about yourself;

- (f) we are required to Suspend your Services by the emergency services or other government authorities; or
- (g) if we have provided you with a locked handset and we reasonably believe you have permitted your handset to be unlocked via any unauthorised manner and/or have not paid any relevant Charges due in contravention of these Conditions;
- (h) we reasonably believe you are using the Service for a voice over internet protocol service or similar service;
- (i) where a SIM has been inactive for two consecutive quarters;
- (j) we reasonably suspect you are using a GSM Gateway;
- (k) your usage is adversely affecting the operation of the mobile network or provision of the mobile services;
- (l) your usage is or may adversely affect the operation of the mobile network or any third party network or provision of the mobile services or the provision of services by us to any other person;
- (m) we suspect fraudulent, criminal or illegal activities are being carried out, or are likely to be carried out.

6.2 We may turn off your Messaging Services if they are inactive for an extended period of time - we will let you know before this happens. If we do turn off your Messaging Services we will have no obligation to maintain any of the content in your Messaging Services, or to forward any unopened or unsent messages to you, or anyone else.

6.3 If we Suspend any or all of your Services, you will still be able to make emergency Calls (unless they have been Suspended at the request of the emergency services).

6.4 If your Services are Suspended, we may agree to re-Connect you if you ask us to do so and there may be a re-Connection Charge for this.
